This supplemental text, designed for use in any Western civilization course, explores historical material using the "discovery approach," which presents students with a series of historical problems--and the evidence they can use to analyze and solve these problems. Each chapter follows a six-step system that allows students to follow a scholarly historical investigation from beginning to end.

This successful Western history version of the popular Discovering series provides a broad range of both visual and written sources. The unique pedagogical framework includes The Problem, Sources and Method, The Evidence, Questions to Consider, and Epilogue and Evaluation sections in each chapter. This structure promotes critical thinking, sharpens analytical skills, and builds student interest in the subject matter. DISCOVERING THE WESTERN PAST: A LOOK AT THE EVIDENCE, Volume I: To 1789, Seventh Edition, emphasizes historical study as interpretation rather than memorization of data, with actual documents and artifacts from which students develop answers to historical questions--and learn to think like historians. The new edition includes two new chapters, which explore health and disease in the Greek World as well as the activities of monarchs in Portugal, Castile, and Aragon who were interested in expanding their territories and influence in 1450-1540. Why did British boats shoot their way up the Yangzi in 1842, rather than Chinese ones up the Thames? Why do Easterners use English more than Europeans speak in Mandarin or Japanese? To put it

bluntly, why does the West rule? There are two schools of thought: the 'Long-Term Lock In' theory, suggesting some sort of inevitability, and the 'Short-Term Accident' theory. But both approaches have misunderstood the shape of history. Ian Morris presents a startling new theory. He explains with flair and authority why the paths of development differed in the East and West and - analysing a vicious twist in trajectories just ahead of us - predicts when the West's lead will come to an end. 'Here you have three books wrapped into one: an exciting novel that happens to be true; an entertaining but thorough historical account of everything important that happened to any important people in the last 10 millennia; and an educated guess about what will happen in the future. Read, learn, and enjoy!' Jared Diamond 'A great work of synthesis and argument, drawing together an awesome range of materials and authorities to bring us a fresh, sharp reading of East-West relationships.' Andrew Marr

This successful Western history version of the popular Discovering series provides a broad range of both visual and written sources. The unique pedagogical framework includes The Problem, Sources and Method, The Evidence, Questions to Consider, and Epilogue and Evaluation sections in each chapter. Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, The Book That Made Your World will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: " This is an extremely significant piece of work with huge global implications. Vishal brings a timely message. " (Ravi Zacharias, author, Walking from East to West and Beyond Opinion) " In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible ' s profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism. " (Stanley Mattson, founder and president, C. S. Lewis Foundation) " Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization. " (George Marsden, professor, University of Notre Dame; author, Fundamentalism and American Culture)

This successful world history reader in the popular DISCOVERING series contains a six-part pedagogical framework that guides readers through the process of historical inquiry and explanation. Each chapter is organized within the same pedagogical framework: The Problem, Background, The Method, The Evidence, Questions to Consider, and Epilogue. The text emphasizes historical study as interpretation rather than memorization of data. The Fourth Edition integrates new documents and revised coverage throughout, while the comparative chapters contribute to a more thorough and balanced examination of global history.
