The New York Times bestselling author and International Thriller Writers "Best Novel" finalist Lisa Unger returns to the dark psychological suspense that made Beautiful Lies a bestseller around the world. Lana Granger lives a life of lies. She has told so many lies about where she comes from and who she is that the truth is like a cloudy nightmare she can't quite recall. About to graduate from college and with her trust fund almost tapped out, she takes a job babysitting a troubled boy named Luke. Expelled from schools all over the country, the manipulative young Luke is accustomed to controlling the people in his life. But, in Lana, he may have met his match. Or has Lana met hers? When Lana's closest friend, Beck, mysteriously disappears, Lana resumes her lying ways—to friends, to the police, to herself. The police have a lot of questions for Lana when the story about her whereabouts the night Beck disappeared doesn't jibe with eyewitness accounts. Lana will do anything to hide the truth, but it might not be enough to keep her ominous secrets buried: someone else knows about Lana's lies. And he's dying to tell. Falling in love can feel like a dream...or a living nightmare. Darkness has a way of creeping up when Ian is with Priss. Even when they were kids, playing in the woods of their small upstate New York town, he could feel it. Still, Priss was his best friend, his salvation from the bullies who called him "loser" and "fatboy"...and from his family's deadly secrets. Now that they've both escaped to New York City, Ian no longer inhabits the tortured shell of his childhood. He is a talented and successful graphic novelist, and Priss...Priss is still trouble. The booze, the drugs, the sex—Ian is growing tired of late nights together trying to keep the past at bay. Especially now that he's met sweet, beautiful Megan, whose love makes him want to change for the better. But Priss doesn't like change. Change makes her angry. And when Priss is angry, terrible things begin to happen...

'A touch of Jekyll and Hyde in this story of murder, vengeance and bonds of friendship. Fine stuff' Ian Rankin

A thrilling novel from New York Times bestselling author Lisa Unger about the hunt for a missing girl and one community's intricate yet fragile bonds. "[A] nail-biting nuanced whodunit."—People Everybody knows everybody in The Hollows, a quaint, charming town outside of New York City. It's a place where neighbors keep an eye on one another's kids, where people say hello in the grocery store, and where high school cliques and antics are never quite forgotten. As a child, Maggie found living under the microscope of small-town life stifling. But as a wife and mother, she has happily returned to The Hollows's insular embrace. As a psychologist, her knowledge of family histories provides powerful insights into her patients' lives. So when the girlfriend of her teenage son, Rick, disappears, Maggie's intuitive gift proves useful to the case—and also dangerous. Eerie parallels soon emerge between Charlene's disappearance and the abduction of another local girl that shook the community years ago when Maggie was a teenager. The investigation has her husband, Jones, the lead detective on the case, acting strangely. Rick, already a brooding teenager, becomes even more withdrawn. In a town where the past is always present, nobody is above suspicion, not even a son in the eyes of his father. As she tries to reassure him that Rick embodies his father in all of the important ways, Maggie realizes this might be exactly what Jones fears most. Determined to uncover the truth, Maggie pursues her own leads into Charlene's disappearance and exposes a long-buried town secret—one that could destroy everything she holds dear.
