One of BuzzFeed's Highly Anticipated Mystery Novels of 2021! The first book in a new culinary cozy series full of sharp humor and delectable dishes—one that might just be killer.... When Lila Macapagal moves back home to recover from a horrible breakup, her life seems to be following all the typical rom-com tropes. She's tasked with saving her Tita Rosie's failing restaurant, and she has to deal with a group of matchmaking aunties who shower her with love and judgment. But when a notoriously nasty food critic (who happens to be her ex-boyfriend) drops dead moments after a confrontation with Lila, her life quickly swerves from a Nora Ephron romp to an Agatha Christie case. With the cops treating her like she's the one and only suspect, and the shady landlord looking to finally kick the Macapagal family out and resell the storefront, Lila's left with no choice but to conduct her own investigation. Armed with the nosy auntie network, her barista best bud, and her trusted Dachshund, Longanisa, Lila takes on this tasty, twisted case and soon finds her own neck on the chopping block...

The daughter of a prominent Chicago judge and his socialite wife, inner-city art teacher Mia Dennett is taken hostage by her one-night stand, Colin Thatcher, who, instead of delivering her to his employers, hides her in a secluded cabin in rural Minnesota to keep her safe from harm.

One October morning, high school junior Bryan Dennison wakes up a different person—helpful, generous, and chivalrous—a person whose new admirable qualities he doesn't recognize. Stranger still is the urge to tie a red sheet around his neck like a cape. Bryan soon realizes this compulsion to wear a red cape is accompanied by more unusual behavior. He can't hold back from retrieving kittens from tall trees, helping little old ladies cross busy streets, and defending innocence anywhere he finds it. Shockingly, at school, he realizes he used to be a bully. He's attracted to the former victim of his bullying, Scott Beckett, though he has no memory of Scott from before "the change." Where he'd been lazy in academics, overly aggressive in sports, and socially insecure, he's a new person. And although he can recall behaving egotistically, he cannot remember his motivations. Everyone, from his mother to his teachers to his "superjock" former pals, is shocked by his dramatic transformation. However, Scott Beckett is not impressed by Bryan's newfound virtue. And convincing Scott he's genuinely changed and improved, hopefully gaining Scott's trust and maybe even his love, becomes Bryan's obsession. With a foreword by C. Kennedy

I went into space looking for my sister, what I found is an alien claiming I'm his. Five years ago, Earth made contact with the Twenty-Three Tribunal, a government of twenty-three superior alien races that rule over the known universe. Deemed too primitive to protect ourselves, the Tribunal slapped a 'Protected' status on Earth, declaring us off-limits to the more advanced races that would exploit or enslave us. Someone has been violating the status. Last year, like so many others before her, my sister Isla disappeared without a trace. And with the Tribunal unwilling, or simply unable to help us, I'll do anything, even something really crazy, to get her back. With the help of my best friend and an alien smuggler I've captured, I've got a crazy plan. A plan that involves a neurotransmitter, a one-way ticket off of Earth, and a very powerful drug that will help me infiltrate an illegal alien slave market. I expect to be used, abused, and violated in my quest to gather evidence. What I don't expect is to be captured and claimed by a huge silver alien ...

"Empire City is a dark, nimble book that pulls no punches. While the novel tracks an alternate historical reality, time and again I found myself taken aback at just how prescient and applicable its insight is to our very real present. Gallagher once again establishes himself as a preeminent voice in American writing." —Sara Novic, award-winning author of *Girl at War* "A

brilliant and daring novel. Gallagher's prose is sharp, energetic and witty, his characters are fiercely alive, and the cracked vision of America he creates is a monstrous thing of beauty." —Phil Klay, award-winning author of *Redeployment* The author of the "urgent and deeply moving" (*The New York Times*) *Youngblood* returns with this bold and provocative novel following a group of super-powered soldiers and civilians as they navigate an imperial America on the precipice of a major upheaval—for fans of *The Fortress of Solitude* and *The Plot Against America*. Thirty years after its great triumph in Vietnam, the United States has again become mired in an endless foreign war overseas. Stories of super soldiers known as the Volunteers tuck in little American boys and girls every night. Yet domestic politics are aflame. Violent protests erupt throughout the nation; an ex-military watchdog group clashes with police while radical terrorists threaten to expose government experiments within the veteran rehabilitation colonies. Halfway between war and peace, the Volunteers find themselves waiting for orders in the vast American city-state, Empire City. There they encounter a small group of civilians who know the truth about their powers, including Sebastian Rios, a young bureaucrat wrestling with survivor guilt, and Mia Tucker, a wounded army pilot-turned-Wall Street banker. Meanwhile, Jean-Jacques Saint-Preux, a Haitian-American Volunteer from the International Legion, decides he'll do whatever it takes to return to the front lines. Through it all, a controversial retired general emerges as a frontrunner in the presidential campaign, promising to save the country from itself. Her election would mean unprecedented military control over the country, with promises of security and stability—but at what cost? Featuring Gallagher's "vital" (*The Washington Post*), "evocative" (*The Wall Street Journal*) prose, *Empire City* is a rousing vision of an alternate—yet all too familiar—America on the brink.

Featured on BuzzFeed Books! In the first in New York Times bestselling author Lynn Cahoon's Kitchen Witch series, Mia Malone is starting over in Magic Springs, Idaho—where murder is on the menu . . . What's a kitchen witch to do when her almost-fiancé leaves her suddenly single and unemployed? For Mia Malone, the answer's simple: move to her grandmother's quirky Idaho hometown, where magic is an open secret and witches and warlocks are (mostly) welcome. With a new gourmet dinner delivery business—and a touch of magic in her recipes—Mia's hopes are high. Even when her ex's little sister, Christina, arrives looking for a place to stay, Mia takes it in stride. But her first catering job takes a distasteful turn when her client's body is found, stabbed and stuffed under the head table. Mia's shocked to learn that she's a suspect—and even more so when she realizes she's next on a killer's list. With Christina, along with Mia's meddling grandma, in the mix, she'll have to find out which of the town's eccentric residents has an appetite for murder...before this fresh start comes to a sticky end. . . . Includes Recipes! Praise for Lynn Cahoon "I love the author's style, which was warm and friendly. . . . A wonderfully appealing series." —Dru's Book Musings on the Tourist Trap Mysteries

A little baby girl is born into a world of confusion, neglect and hunger. Saved from her drug addict mother by a kind lesbian couple, Maria Amari begins to show considerable music talent beyond her years. But her musical friendship with invisible friend 'Mo, Mo' begins to take on a creepy edge. Is Mo, Mo simply an imaginary outlet for a precocious and prodigal child, or something more sinister - the ghost of Mozart himself? Maria's musical career blossoms, but not before tragedy, loss, love,

family ties and the past all come to play a part in the symphony of emotion that becomes Maria's life. Is Mozart and his music a force for good, or an eternal haunting presence? Maria and those she loves are about to find out...
