THE INSTANT NEW YORK TIMES BESTSELLER A raw, honest, and revealing co-memoir by Brie and Nikki Bella: twin sisters, WWE Hall of Fame inductees, and stars of the hit E! shows Total Bellas and Total Divas. As twins, the Bellas have always competed. Legend has it that Nikki drop-kicked Brie in the womb so that she could make her grand entrance first. But the rest of the world often treated them as identical and even interchangeable, so they decided to do something about it. After they made it into WWE, the Bellas accomplished so much together: bringing in young girls and women while building the Bella Army, helping the transition of female performers from Divas to Superstars, starring in Total Divas and Total Bellas, and founding companies like Birdiebee, Nicole + Brizee Beauty, and Bonita Bonita Wine. Josie is struggling with a life-altering decision posed by her very alpha-male boyfriend. Is she ready to make the sort of commitment he is requesting? Does she trust him enough to give up some control? Will finding an old journal written by the grandmother she adores help her make her decision? After all, it seems to be a case of history repeating itself as her grandmother had to struggle with similar choices of her own... Overnight, her life is turned upside down with the arrival of her father, whom she thought was dead. And yet, there are even greater shocks in store for her. She learns that she had a twin sister, one who has been recently murdered. Now her father wants her to impersonate her twin in order to draw out her sister's killer. He persuades Nicky to return to the U.S.A. with him and, overnight, Nicola becomes Claire Keedon, her twin sister. What Nicky's father neglects to share with her is the fact that part of the ranch he owns in Arizona is a designated discipline ranch, one that seeks to rehabilitate wayward girls. Things become even more difficult when handsome and charismatic cowboy disciplinarian, Liam O'Donnell, who is in charge of behavioural aspects at the ranch, casts his stern eyes over Nicky. Nicola finds that she has her hands full impersonating her American twin, Claire, and dealing with the terrifying attempts that are suddenly being made on her own life. How safe will she be if someone discovers her true identity? As if all that wasn't enough, Nicky has a deep secret she has never shared with anyone: she is fascinated by spanking and, with so much at stake, she doesn't need or want

As Josie finishes reading her grandmother's incredible tale, her decision is made. Could the decision Nicola made decades earlier be the right one for her, as well? Should she follow in her footsteps?
