Lyra's search for a kidnapped friend uncovers a sinister plot involving stolen children and turns into a quest to understand a mysterious phenomenon called Dust. In The Subtle Knife she is joined on her journey by Will, a boy who possesses a knife that can cut windows between worlds. As Lyra learns the truth about her parents and her prophesied destiny, the two young people are caught up in a war against celestial powers that ranges across many worlds and leads to a thrilling conclusion in The Amber Spyglass. The epic story Pullman tells is not only a spellbinding adventure featuring armoured polar bears, magical devices, witches and daemons, it is also an audacious and profound re-imagining of Milton's Paradise Lost.
