The \$\$\$ The Entrepreneur's Guide To Start, Grow, and Manage a Profitable Business provides what it takes, what is the right stuff for the successful entrepreneur. The most successful entrepreneurs are not necessarily those who work hardest or longest. Successful business owners are those who have a vision that can see beyond the bottom line, who have learned to manage their professional and personal lives. Making it with a new business venture requires all the traits of an entrepreneur as enumerated in \$\$\$ The Entrepreneur's Guide, as well as the knowledge, skills, and persistence to grow and withstand the stress, ambiguity, conflicting objectives, emotions, and chaos that comes with a new business effort. Achieving this balance is what \$\$\$ The Entrepreneur's Guide is about. It will help you steer a path to guide you with the right stuff to the top of the pyramid of business success.
