It started off as a battle of wits. Me: the ordinary girl with a big mouth against Him: the sexy bastard with a big... ego. I thought I'd hit the jackpot when I was upgraded to first class on my flight to London. That is until HE sat next to me. Gabriel Scott: handsome as sin, cold as ice. Nothing and no one gets to him. Ever. He's a legend in his own right, the manager of the biggest rock band in the world, and an arrogant ass who looks down his nose at me. I thought I'd give him hell for one, long flight. I didn't expect to like him. I didn't expect to want him. But the biggest surprise? He wants me too. Only in a way I didn't see coming. If I accept his proposal,I leave myself open to falling for the one man I can't manage. But I'm tempted to say yes. Because the real man beneath those perfect suits and that cool façade just might be the best thing that's ever happened to me. And I just might be the only one who can melt the ice around his heart. Let the battle begin!

New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police;instead, there are soldiers. There are no more fines for bad behavior;instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. Miranda's life is starting to unravel. Her best friend, Sal, gets punched by a kid on the street for what seems like no reason, and he shuts Miranda out of his life. The key that Miranda's mum keeps hidden for emergencies is stolen. And then a mysterious note arrives: 'I am coming to save your friend's life, and my own. I ask two favours. First, you must write me a letter.' The notes keep coming, and Miranda slowly realises that whoever is leaving them knows things no one should know. Each message brings her closer to believing that only she can prevent a tragic death. Until the final note makes her think she's too late.

IT'S MURDER BEING A HIT-MOM 'Entertaining, funny and wholly original' CULTUREFLY 'Proves you only need to get mistaken once for a contract killer to solve all your problems' LISA GARDNER 'It is a widely known fact that most mums are ready to kill someone by eight-thirty AM on any given Monday. . . ' Finlay Donovan, single mum and floundering crime writer, is having a hard time. Her ex-husband went behind her back to fire the nanny, and this morning she sent her four-year-old to school with hair duct-taped to her head after an unfortunate incident with scissors. Making it to lunch with her literary agent is a minor victory but, as she's discussing the plot of her latest crime novel, the conversation is misinterpreted by a woman sitting nearby as that of a hit-woman offering her services to dispose of a 'problem' husband. And when the woman slips Finlay a name and a promise of a large sum of cash, Finlay finds herself plotting something much bigger than her novel. And, after all, they do always say: write what you know. . . When struggling crime writer Finlay Donovan takes on a life of crime normally reserved for her characters, she finds herself entangled in a real-life murder investigation. ∩Fix Her Up ticks all my romance boxes. Not only is it hilarious, it's sweet, endearing, heartwarming and downright sexy. It's a recipe for the perfect love story.∩ ∩ Helena Hunting, New York Times bestselling author of Meet Cute A steamy, hilarious new romantic comedy from New York Times bestselling author Tessa Bailey, perfect for fans of Christina Lauren and Sally Thorne! Georgette Castle's family runs the best home renovation business in town, but she picked balloons instead of blueprints and they haven't taken her seriously since. Frankly, she's over it. Georgie loves planning children's birthday parties and making people laugh, just not at her own expense. She's determined to fix herself up into a Woman of the World... whatever that means. Phase one: new framework for her business (a website from this decade, perhaps?) Phase two: a gut-reno on her wardrobe (fy, leggings are pants.) Phase three: updates to her exterior (do people still wax?) Phase four: put herself on the market (and stop crushing on Travis Ford!) Living her best life means facing the truth: Georgie hasn't been on a date since, well, ever. Nobody's asking the town clown out for a night of hot sex, that's for sure. Maybe if people think she's having a steamy love affair, they'll acknowledge she's not just the (little sister) who paints faces for a living. And who better to help demolish that image than the resident sports star and tabloid favorite, Travis Ford was major league baseball's hottest rookie when an injury ended his career. Now he's flipping houses to keep busy and trying to forget his glory days. But he can't even cross the street without someone recapping his greatest hits. Or making a joke about his/ bat. And then there's Georgie, his best friend's sister, who is not a kid anymore. When she proposes a wild scheme!that they pretend to date, to shock her family and help him land a new job!he agrees. What's the harm? It's not like it's real. But the girl Travis used to tease is now a funny, full-of-life woman and there's nothing fake about how much he wants her...
